

## Group #11:

### Demo Notes:

- Have the uploading working but does not index the files
- Do not have front end functionality on the querying or displaying results
- But they can log in and sign up

### Comments / Feedback

- Still have a lot of work to do
- Need to complete front end functionality for final demo or if can get it for next week's demo would be great
- Make sure to be able to index pdfs, txt and htmls
